## INTRODUCING THE PUZZLE TOY AND GAME APP

**ROBOGOYO™** is a unique mathematical puzzle toy that will keep you engaged and that will make you think and wonder. An interlocking puzzle that has survived countless generations, we bring you this puzzle for your entertainment and amazement. Launching in 2018, this new puzzle toy is being marketed in more than 50 countries.

There are two versions of **ROBOGOYO™** available.

One is the physical puzzle toy, which you can play with hand. Available on Amazon, Flipkart, Snapdeal and other online platforms for individual piece ordering. You can also contact the manufacturer for bulk orders.

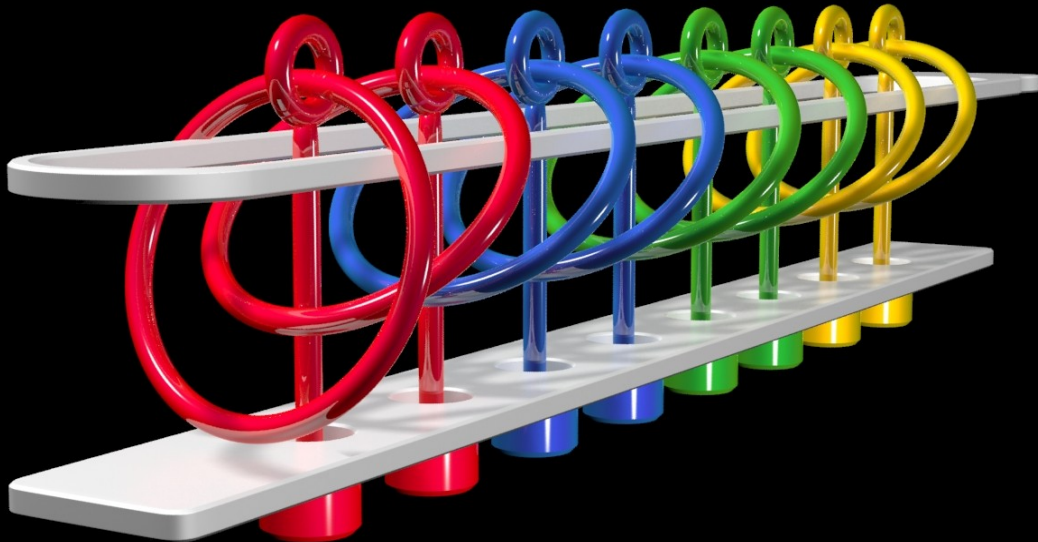

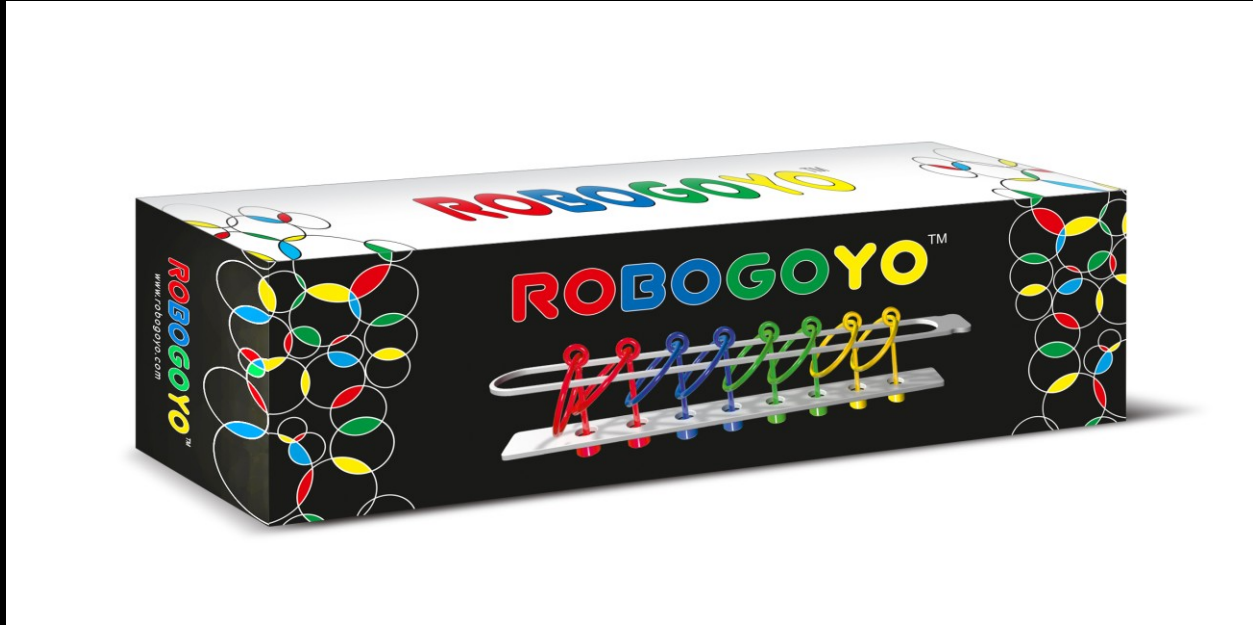

A game version of the same puzzle is available in Android and iOS platforms. This version has 4 variations – **Classic**, **Gold** and **Mega** levels; and a thrilling **Challenge** game option, where you can design your own game with **ROBOGOYO™**.
